Adjustment Policy:

Leak and break adjustments – all customers are allowed three (3) sewer adjustments in any one calendar year. You must provide the Town with a statement of repair from a plumber. In the event that the resident or landlord repairs the leak, a receipt showing the purchase of plumbing supplies and a statement from the individual who actually made the repair must be provided to the Town. **Hanging toilets are NOT eligible for adjustments.**

Delinquent Accounts:

Meters are read and bills are calculated on a monthly basis. Bills are mailed by the 25th of each month. Account balances are always due on the 1st day of the month. There is a grace period, which allows bills to be paid on the tenth (10th) day of the month without a late fee. If balances are unpaid after 5:00pm on the 10th day of the month, or not in the drop box when we open following a week-end or holiday, a **\$15.00** late fee will be applied on each account. If the balance has not been paid by 5:00pm on the 12th of the month, the account is subject to be cutoff and a **\$40.00** cut off fee will be applied.

Your account will final out after 30 days of disconnection if service has not been restored and your deposit (if applicable) will be applied to the balance on the account. If service is restored after the 30-day disconnection period, a new deposit and connection fee will be required. If the service is disconnected and a meter shows any usage has occurred between

the time of cut off and restoration, there will be a tampering fee assessed on the account. The tampering fee must be paid in addition to any other charges that may be due on the account before service can be restored. **The Town is not responsible for bills that are not delivered by the US Postal Service. If you do not receive your bill by the first (1st) of the month, you should contact Town Hall at (252) 238-3608 for your balance.**
